You can download one or many photos. Follow the instructions for how many photos you want to download. Depending on how many you select, you should remember to check your internet connection as these may take time to download

The screenshot shows a gallery of four photos. The first photo in the top row has a red circle around its checkbox. Below the photos is a 'Select all files' checkbox and a 'DOWNLOAD SELECTED' button. The text '72 reads' is visible on the right side of the gallery area.

Check the checkbox by the filename to download or view a single file. To download multiple files, check the box for each file you want to download and click Download Selected to create a .zip file to save to your drive.

Be careful about selecting “ALL”. Doing so will mean will download every picture in the gallery. This will take time and disk space. Make sure you have the disk space and the internet bandwidth to complete the download.

Select "save file".
This will save the files to your temporary folder on your computer. Know where this is so you can go back and place them in your photo folder of choice.

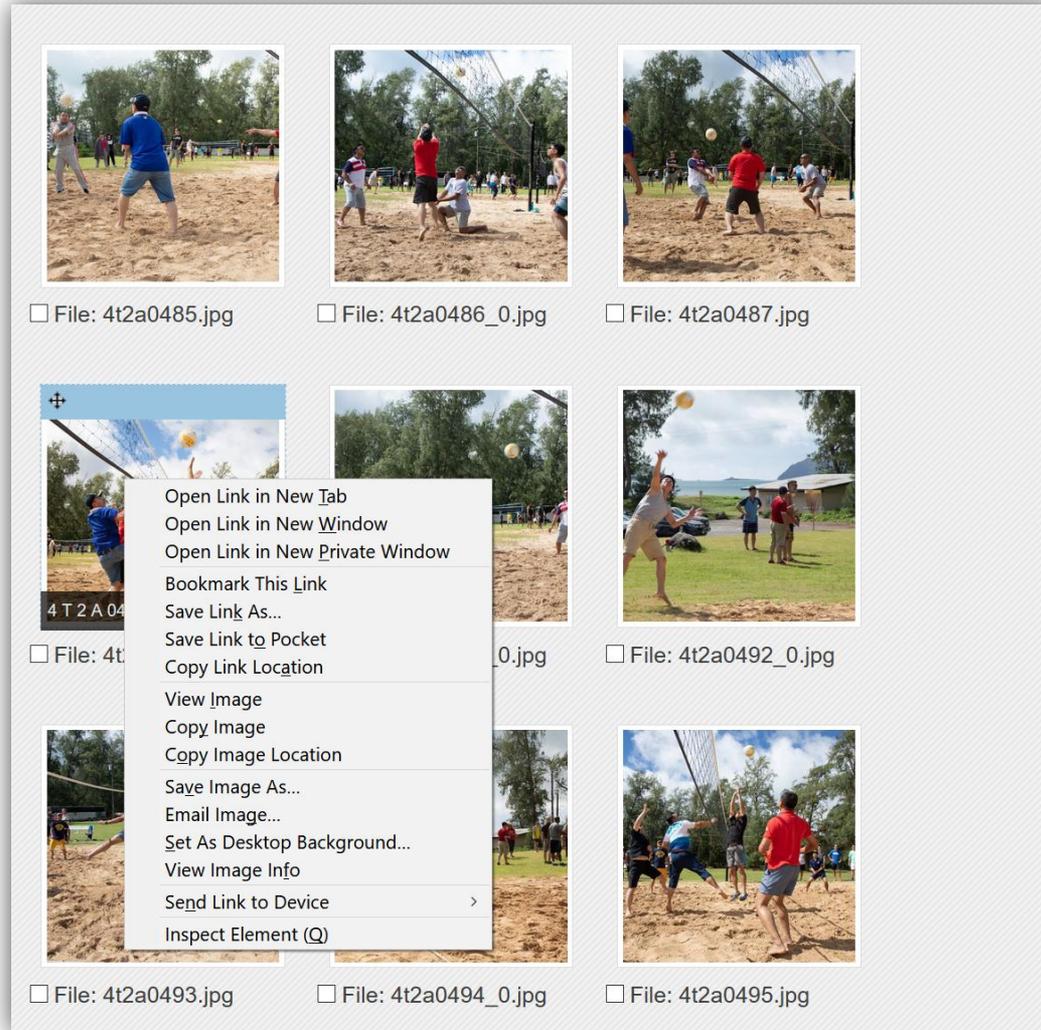

Do NOT interrupt the download process. Wait until the download process is complete.

Here is a second method to download ONE photo

To download just ONE photo, right click on the photo

The screenshot shows a web interface for a media browser. At the top, there is a header with the Daniel K. Inouye Asia-Pacific Center for Security Studies logo and name on the left, and user information (My GlobalNET) and navigation links (Log out, Help) on the right. Below the header is a dark grey bar with the title "Media browser" and a close button. Underneath are four tabs: "UPLOAD", "WEB", "LIBRARY", and "MY FILES". The main content area is a table with columns for "Filename", "Size", and "Status". The table is currently empty, displaying "Drag files here." in the center. At the bottom of the table, there are two buttons: "+ Add files" and "Start upload". Below the table, there is a note: "Files must be less than 512 MB. Allowed file types: avi csx doc docx gif gz jpeg jpg m4a m4v mov mp3 mp4 mpeg mpg mpv notebook odp ods odt oga ogg ogv pdf png pps ppsx ppt pptx pub tar txt weba webm webp wmv xls xlsx zip." At the very bottom, there is a "Next" button. An orange arrow from the text box above points to the "+ Add files" button.

The screenshot shows a web application interface. At the top, there is a navigation bar with links for Home, News, Courses, Events, Topics, Alumni, Library, Workshops, and Fellows Projects. A search bar on the right contains the text 'Search all content' and a magnifying glass icon. Below the navigation bar, there are two breadcrumb-style navigation paths: 'Daniel K. Inouye Asia-Pacific Center for Securi... > Comprehensive Security Responses to Terrorism C...' and 'Comprehensive Security Responses to Terrorism C... > Fellows Photos'. Underneath these paths are several action buttons: 'Edit gallery', 'Edit files', 'Metrics', 'Bulk Delete', 'Track', and 'Votes'. The main content area features a large heading 'Fellows Photos' and a sub-heading 'Save your photos here'. Below this, there is a paragraph of instructions: 'Click the file name to download or view a single file. To download multiple files, check the box for each file you want to download and click Download Selected to create a .zip file to save to your drive.' To the right of the main content, there is a blue button labeled 'ADD FILES' and a section titled 'TOPICS' with a horizontal line underneath. This section lists two topics: 'Administrative' and 'Counter Terrorism', each preceded by a small icon. Below the topics list is a link that says 'Explore all topics »'. At the bottom of the page, there is a decorative graphic consisting of a network of blue nodes and connecting lines.
